

We have exciting news!

The Hamilton Park Neighborhood Association (HPNA) has received permission from the City to affix plaques, with an in memoriam dedication, to the park benches in Hamilton Park. The plaques can be dedicated to someone special in your life who has passed and who had a special connection to Hamilton Park or the Hamilton Park Neighborhood. (Plaques cannot be dedicated to corporate entities or organizations.) Applicants will be asked to provide information on why they are seeking a plaque in Hamilton Park. The HPNA reserves the right for final approval on all plaque applications.

The cost is \$850 per plaque for a period of 10 years. The plaques will be 4" X 6" in size and made of tooled bronze. And 100% of the net proceeds will go toward either improvements to Hamilton Park or events to be held there. So, it's a win-win. You can create a legacy for someone near and dear to you AND support Hamilton Park, which is also near and dear to you.

Multiple people may contribute to the same bench plaque. You choose the inscription for the plaque (see application for more details below). Once approved by the HPNA and paid for by the applicant, the preferred bench will be officially reserved by the applicant and the plaque will then be produced (will take up to 4 weeks) and installed. The installation date will be provided to the applicant.

Please note, the HPNA reserves the right to temporarily or permanently alter or relocate benches under certain circumstances. In such cases, the HPNA will make all reasonable efforts to consult with the original applicant prior to any such relocation or alteration.
